

State Workforce Development Board Memorandum Re-Employment Services and Eligibility Assessment (RESEA) Funding

Effective Date: January 1, 2022

Expiration Date: September 30, 2022

Purpose

To provide funding to support delivery of the Reemployment Services and Eligibility Assessment (RESEA) Grant, as outlined in Unemployment Insurance Program Letter (UIPL) No. 13-21. The Local Workforce Development Board (Local Board) agrees to provide service to RESEA participants in both comprehensive centers and affiliate sites per the Scope of Services requirements.

Scope

- American Job Center Partners
- Fiscal Agent
- Local Workforce Development Board
- One-Stop Operator
- State Workforce Development Board
- Workforce Innovation and Opportunity Act Core Partners

1. Funding Allocation

- Total allocation in the amount of \$1,000,000; subject to funding availability
- Each LWDB will be allotted funds based on State funding allocation methodology (refer to Attachment A).
- Up to ten percent (10%) of the allotted funds allowed for administrative costs.
- The award period will start January 1, 2022, and end September 30, 2022.
- Funds can be used for expenditures occurring in the covered period of January 1, 2022, through September 30, 2022.
- LWDB must provide a Narrative and Budget email to Grants.Budgets@tn.gov by February 15, 2022.

2. Use of Funds

RESEA funds must be used to assess the continued eligibility and reemployment needs of unemployment compensation (UC) claimants in the targeted populations identified by the state. Additionally, funds provide reemployment services to RESEA participants, including reemployment services to which RESEA participants are referred. These funds must be used to supplement the level of Federal, state, and local public funds that, in the absence of such availability, would be expended to provide reemployment services and eligibility assessments to individuals receiving UC.

Only reemployment or other service costs that are a direct result of a claimant's participation in the RESEA program may be reimbursed using RESEA funds. RESEA funds may not be used to pay for training services or to pay for licenses for an assessment tool (e.g. the Transferable Occupation Relationship Quotient).

The purposes of the RESEA program are identified in Section 306(b), SSA:

- To improve employment outcomes of UC recipients and to reduce the average duration of UC receipt through employment;
- To strengthen program integrity and reduce improper UC payments through the detection and prevention of such payments to ineligible individuals;
- To promote the alignment with the broader vision of WIOA of increased program integration and service delivery for job seekers, including UC claimants; and
- To establish reemployment services and eligibility assessments as an entry point for UC claimants into other workforce system partner programs.

3. Performance Requirements

Sub-recipients are subject to any requisite Federal and State performance metrics.
